

Louis

was

going to

Sailability

at

All-Aboard.

Louis

was

nervous

because

he

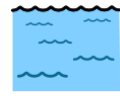

had not

been

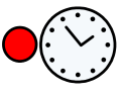

on

the

water

before,

but

he

wanted to

try

sailing

for the

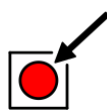

first time.

Louis

signed

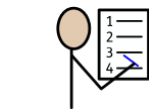

in

at

the

registration

desk.

He

was

given

a

buoyancy aid

to

put on.

At

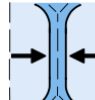

first,

it

felt

tight

but

quickly

it

felt

ok.

The

buoyancy aid

helped

to

keep

him

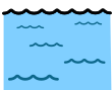

safe

on

the

water.

Louis

was

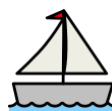

helped

into

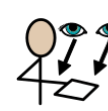

a

boat

and

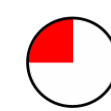

shown

the

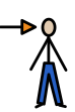

different

parts of

the boat.

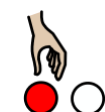

He

was

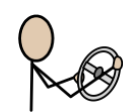

given

the

option

of

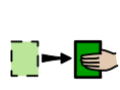

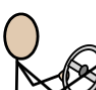

steering

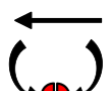

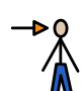

the

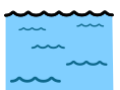

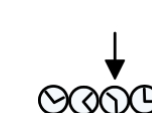

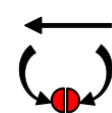

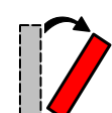

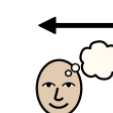

boat

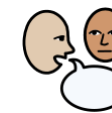

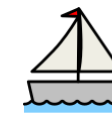

or

  
 water.

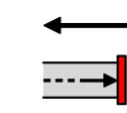

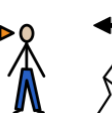

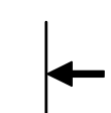

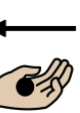

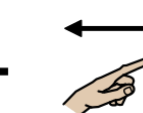

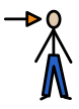

He

felt

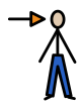

very

proud

of

himself.
